

HARSH SHARNAGAT

Software Developer | Frontend Developer | Cybersecurity Enthusiast

Bhopal, Madhya Pradesh | Phone: 9343542451 | Email: harshsharnagat31@gmail.com
GitHub: github.com/HarshSharnagat | LinkedIn: linkedin.com/in/harsh-sharnagat

PROFESSIONAL SUMMARY

B.Tech CSE (Cyber Security) student with a 7.70 CGPA and a strong interest in software development, frontend engineering, web technologies, and cybersecurity. Skilled in Java, JavaScript, TypeScript, HTML, CSS, React.js, Node.js, FastAPI, and MongoDB. Experienced in building technology-focused projects and actively strengthening Data Structures & Algorithms through 100+ LeetCode problems. Strong willingness to learn, solve real-world problems, and contribute to collaborative software development teams.

EDUCATION

Bachelor of Technology (B.Tech) — CSE (Cyber Security)
Lakshmi Narayan College of Technology and Science, Bhopal

Expected Graduation: 2028
CGPA: 7.70/10
3rd Year / 5th Semester

TECHNICAL SKILLS

Programming Languages:	Java, JavaScript, TypeScript
Frontend:	HTML5, CSS3, React.js
Backend / API:	Node.js, FastAPI
Database:	MongoDB
Developer Tools:	Git, GitHub
Core Concepts:	Data Structures & Algorithms, Object-Oriented Programming, Web Development

PROJECTS

CyberTrace | React.js | Node.js | Python | FastAPI | MongoDB | Leaflet

AI-powered email threat detection and forensic intelligence platform designed for phishing analysis, email-header investigation, IP/geolocation insights, and threat tracing.

VoiceShieldAI | Python | FastAPI | React.js | AI/ML

AI-focused voice security project exploring voice-based threat and impersonation detection with a web interface for analyzing suspicious voice inputs.

CyberShield | Java | HTML | CSS | JavaScript

Cybersecurity-focused application applying programming and web-development concepts to practical security problems and user-focused digital protection.

ACHIEVEMENTS & LEADERSHIP

- **100+ LeetCode Problems:** Solved 100+ coding questions, strengthening DSA, logical thinking, coding accuracy, and problem-solving ability.
- **AICTE Workshop Management:** Managed and coordinated an AICTE workshop, contributing to planning, participant coordination, communication, and event execution.
- **Project-Based Learning:** Built multiple software, AI, web-development, and cybersecurity projects to apply programming concepts in practical scenarios.

CERTIFICATIONS

- Deloitte Cybersecurity Virtual Experience Program
- Tata Job Simulation Certificate

AREAS OF INTEREST

Software Development • Frontend Development • Web Development • Cybersecurity • DSA • AI/ML • Problem Solving
